## 2014 Field Trip Schedule

Members of the San Juan Basin Archaeological Society have proposed the following field trips for 2014. Participation in these outings should help us better understand and appreciate the history, prehistory, and cultural diversity of the Four Corners region. Please see forthcoming issues of the [Moki Messenger](#) and monitor this web page for updates regarding the itineraries, departure times and places, participation limits, and related matters. Do read the [General Information About Field Trips](#). Field trip participants must be current SJBAS members.

This is a tentative trip schedule; although we hope to go on the listed outings on the dates shown, these dates and destinations are subject to change due to adverse weather or road conditions, unanticipated scheduling conflicts, or changes made by the trip leaders.

More details about the trips and possible date and itinerary changes will be given at future chapter meetings, in our monthly newsletter and on our website, [www.sjbas.org](http://www.sjbas.org). For current information about these trips or to sign up for a trip, please phone or email the trip leaders.

In addition to the following trips, there are several important conferences and meetings scheduled for this year, including the Pecos Conference and the Colorado Archaeological Society Annual Meeting and Symposium. Check your Moki Messenger or our website at [www.sjbas.org](http://www.sjbas.org) for details as they become available.
