

WHAT WE DO

Our activities...

Lecture Series:

SJBAS meets regularly on the second Wednesday of each month at 7:00 p.m. in the Lyceum in the Center of Southwest Studies at Fort Lewis College (FLC). Meetings include presentations on archaeology, history, and culture. Our annual John W. Sanders Lecture Series brings nationally renowned speakers to FLC. We encourage visitors and non-members to attend.

Field Trips:

Members are eligible to participate in SJBAS field trips which include one-day and multi-day options. Trips visit archaeological sites, historical sites, cultural sites, and Native American pueblos and ceremonies.

Educational Opportunities:

Members and non-members may participate in Program for Avocational Archaeological Certification (PAAC) classes and other classes offered through partnerships with FLC.

Volunteer Projects:

Members have an opportunity to participate in archaeological projects in the area.

Newsletter:

Members receive a monthly newsletter, the *Moki Messenger*, with information about SJBAS activities and other matters of archaeological, historical, and cultural interest.

WHO WE ARE

About Us...

The San Juan Basin Archaeological Society (SJBAS) is a Colorado Nonprofit Corporation. SJBAS members are interested in the archaeology, history, and culture of the Four Corners region. Members are of all ages and backgrounds, some with extensive training in archaeology, and others with more limited knowledge but a strong desire to learn.

SJBAS has several objectives: to learn more about archaeology in general; to raise public awareness of our region's significant archaeological, historical, and cultural resources; and to draw attention to the hazards of vandalism to archaeological and historical sites.

Members participate in lectures, discussions, field trips, and volunteer projects. Membership is open to any individual interested in the archaeology, history, and culture of the Four Corners region.

It's easy to join!
