

Naturita Uranium Mining and Milling Field Trip – June 2-4, 2017

We'll be leaving Friday morning, June 2nd, to tour uranium mines and milling operations and some older mining activity around Naturita. Among other places, we will visit the town of Uravan, the Hanging Flume, a few old mines in Long Park and some petroglyph panels in East Paradox Valley. We have rooms reserved at the Rimrock Hotel in Naturita. The group rate will be \$89.43, including tax, per night for a room with two queens or a king bed. SJBAS members who want to participate should call 970-865-2500 to make reservations ASAP, mentioning SJBAS, and then email me at janicesheftel@gmail.com to let me know you have made them. The hotel website is www.therimrockhotel.com. Our tour leader will be Jane Thompson, who will be the SJBAS April speaker. As soon as I have figured out the exact trip schedule, I'll let everyone know. -- Janice
